## 🪪 PROFILE

I'm an experienced front-end developer with a solid background in everything related to online marketing on top. It is my passion to build sleek & well-optimized websites and web apps. I'm very much into gaming and learning to work with new technologies, always improving myself to stay on top of my field. Further, I like nature and enjoy doing some trekking from time to time. Finally, I'm a good person to have a beer with.

## 🎓 EDUCATION

Oct 2012 – Jul 2016
Cracow, Poland

**Cracow University of Technology**
*Bachelor's degree of Computer Science*

## 💼 PROFESSIONAL EXPERIENCE

Feb 2021 – present
Krakow, Poland

**TRIMSY**
*Frontend Developer*

- Increased daily traffic from 45% to 80% in E-commerce platforms by redesigning existing websites to improve user experience and incorporated SEO
- Designed and developed interfaces that simplify dense information streams and solicit user interactions with machine learning feedback systems that feel intuitive and familiar
- Collaborated on Complexity Score tool, which removed process bottlenecks by assigning scores to cost, time, and compliance issues, increasing efficiency by 72%
- Developed app integration with REST and other APIs for Google Maps, social media logins, payment processors, and other services
- Collaborated with 2 different development teams on 4 new project designs and feature improvements
- Suggested 20+ improvements to product design and functionality as informed by user-experience reporting
- Collaborated with 4 client service teams to understand and solve bottlenecks and proposed feature expansions

Jul 2017 – Feb 2021
